PARKING

We would like to take a moment to share some tips for visiting our wonderful community without incurring unnecessary fines. Aside from our public lots, visitors can park along the right of way, unless otherwise posted.

Things to remember ...

- ◆ Tires completely off pavement. This will keep you from obstructing the bike path.
- ◆ Parallel parking only. Make sure your vehicle is facing the same direction of travel.
- ◆ No double parallel parking. We want a nice, single line of cars on either side of the street.
- ◆ Do not block driveways, obstruct sidewalks and/or beach accesses, or fire hydrants.
- ◆ No parking on side streets or other areas where the signs indicate not to.
